

WOW! Whole-Home and Whole-Business WiFi Now Available to NuLink Customers in Newnan, Ga.

Newnan NuLink customers receive WOW!'s innovative WiFi experience for fast, reliable WiFi in every corner of the home or office

Newnan, Ga. – November 26, 2019 – [WOW! Internet, Cable & Phone](#) (NYSE: WOW), operating as NuLink in Newnan, Georgia, today announced the availability of the company's Whole-Home and Whole-Business WiFi solutions. Whole-Home WiFi is WOW!'s mesh network solution providing NuLink customers with a custom, scalable network to stream, work and browse from every corner of their home. Similarly, WOW! announced the availability of Whole-Business WiFi, mesh network solution which provides WOW! Business customers with low cost, seamless coverage that's easy to manage to keep businesses and their customers securely connected without sacrificing speed or performance.

Both of WOW!'s Whole-Home and Whole-Business WiFi solutions use the [eero](#) mesh WiFi system, ensuring fast, secure, and reliable connectivity throughout the entire home or office. Instead of using a single router, the solutions are customized to every home or business using multiple eero access points, learning your space, devices and network usage to deliver fast, seamless Internet connection anywhere. In addition, the new mesh network solutions provide increased security over traditional routers.

Whole-Business WiFi also offers customer-friendly features, like allowing guests to scan a unique QR code to join the business' guest network, eliminating the need to type in a network name and password. WOW!'s new mesh network solution is also more secure, isolating devices from each other and from the business' main network, protecting business transactions and ensuring safer connectivity.

"With Whole-Home and Whole-Business WiFi, Newnan residents and businesses will no longer have to worry about slow zones, and will instead experience secure, hassle-free Internet connectivity in every corner of their home or business," said Teresa Elder, CEO of NuLink, a WOW!-owned company.

"Whether it's streaming sports from the living room or video conferencing in the office breakroom, NuLink customers will now experience WOW!'s fastest, most reliable, and most secure WiFi for all their devices, no matter where they may be."

WOW!'s Whole-Home and Whole-Business WiFi solutions are supported by WOW!'s unmatched customer experience and easy set-up. NuLink technicians will customize the WiFi network to a home or business' specific needs, giving customers the best and most secure connection possible no matter where they're streaming or downloading.

Whole-Home WiFi and Whole-Business WiFi are easily bundled with NuLink residential or business Internet services. With Whole-Home WiFi or Whole-Business WiFi, customers can choose from a handful of fast Internet speed options alongside TV and phone packages that are best suited to each customer's needs. For Whole-Home WiFi, NuLink offers three residential Internet speeds: ExpressFAST – up to 100Mbps, UltraFAST – up to 150Mbps, and EXTREME – up to 250Mbps.
