

WOW!'s Network Goes All Digital in Dothan, Alabama

Dothan, Ala. – August 21, 2018 – [WOW! Internet, Cable & Phone](#) (NYSE: WOW), a leading broadband and communications service provider, today announced its Dothan customers will now enjoy upgraded high-definition TV viewing across WOW!'s entire channel line-up and double the Internet speeds after upgrades to its local network.

The all-digital platform gives WOW! customers clearer and more crisp TV picture quality, more sports channels and Internet speeds twice as fast as before. Speeds of up to 100 Mbps mean residents can stream their favorite shows, download movies, music, games and more with less buffering and down time. The upgraded digital network also paves the way for even faster Internet speeds and increased capacity so WOW! can make advanced technology enhancements in the future.

“Dothan is currently experiencing impressive growth. With a pro-business economy, top-tier education, and exceptional healthcare and infrastructure, WOW! enables access to best-in-class broadband and Internet connectivity that can grow with their needs,” said John Parkhurst, operations manager for WOW! in Dothan. “WOW! prides itself in treating customers like neighbors, not numbers. We’re committed to keeping the community on the forefront of technology to attract new residents and businesses to the Wiregrass region – and it starts with fast, reliable Internet.”

So customers can easily take advantage of these network upgrades, affected Dothan customers can receive up to two HD digital receivers at no charge for a limited time, when ordered by December 6, 2018.

Dothan-based WOW! customers can now choose between two residential Internet speeds: Internet 50 – up to 50Mbps and Internet 100 – up to 100Mbps. For more information on WOW!, bundles and pricing, and services offered, please visit www.wowway.com
